CARD OF THANKS

Mrs. Lula Beale.

IN MEMORIAM

IN MEMORIAM
In loving remembrance of our mother, Mrs. P. O. Paulette, who passed away three years ago, May 22, 1954.
Sleep on dear mother; it has been three long years
Since you left our hearts filled with sadness and tears.
Yours was a heart so jolly and gay,
Scattering sunshine all along the way.
You know how we loved you, yes, I love you yet;
Though God took you from us, we can never forget.
Where sweet flowers are ever blooming,
And the banks are ever green.
The flowers we place upon your grave may wither and decay,
But love for you who sleeps beneath will never fade away.
Time speeds on; three years have passed,
Since death its gloom, its shadow cast
Within our home, where all seemed bright,
And took from us a shining light.
We miss the light, and ever will;
Her vacant place there is none to fill.
Down here we mourn, but not in vain,
For up in heaven we will meet again.

3-Part School Building Program

A three-phase building and improvement program is being set up for Appomattox County Public Schools. Bids for the projects will be asked within the next two weeks and the work will be completed in time for the next session.

The largest single item in the program will be construction of a new Agricultural Building and Industrial Shop at the Carver-Price High School here. The present outmoded frame building used for this purpose at Carver-Price is an old C.W.A. building of the 1930's, and is no longer satisfactory for use. In its place, the county will erect a one-story, two classroom brick veneer building and Shop.

A second item in the program will be the building of a County School Bus Shop. This will be a one-story cinder block building, on the lot along Route 460 next to the School Community Cannery. This building will serve for the repair and maintenance of school buses, and for storage of equipment.

The final item in the building and improvement program, will be moving the Home Economics Department of Appomattox High School from the present Home Economics Cottage, which is no longer adequate, to the main high school building. The present cottage will be used for the Diversified Occupations and Distributive Education Courses.

Home Economics Department will be set up in the north wing of the second floor of the main high school building. This entire wing will be used by the department, and remodeled and equipped to suit the home economics program.

To finance this three-phase program, the State Literary Fund has authorized a loan of $45,000. In additional to this, some $12,500 in local funds will be utilized, and additional state aid has been indicated. No bond issue or tax increase is involved in the financing of the program.

'Graveyard Net' Will Meet Here Again

"Bigger and better" is the description for the second annual "Graveyard Net" Picnic to be held here July 6 and 7.

The Graveyard Net is an organization consisting of amateur radio operators throughout the United States. The amateur operators, also known as "hams" got together for the first gathering last summer ; at nearby Holliday Lake. So successful was that event, attended by about 200 persons, that a repeat performance is scheduled for the same spot this year.

Joe G. Fleniken, of Transco, will again be master of ceremonies for the picnic, and he has the active help of eight other amateur radio operators here, as well as regular net control stations

Lots of entertainment is being planned, including square dancing, fishing, swimming, all kinds of outdoor games, and an auction of ham radio gear, mobile judging, and a number of contests. However, the principal activity will, as last year, be gabfest conversation between operators who have been making acquaintances over the airwaves.

Meals will be available on Saturday night, Sunday morning and at noon Sunday. Motel accomodations will be available in Appomattox, at Sprouse's Corner, and in Lynchburg, as well as at the Hotel Appomattox.

Meeting with The Graveyard Net will be the Virginia Phone Net, a group of Amateurs in the state of Virginia who devote their spare time from 7 P. M. EST to approximately 10 P. M. every night to handling messages to and from the state.

The Graveyard Net is on the airwaves in the early morning hours.

Fleniken says he looks for a far greater attendance than the 200 of last year, and he says it is possible that up to one thousand may attend. The meeting place will be on the 4-H Club side of Holliday Lake.

New Owners At Factory

Lee Silverbach, manager of the former R.H.R. Manufacturing Co. plant in Appomattox, announced today that negotiations have been completed whereby the local plant will resume operations under the ownership of Jonathan Logan, Inc., of New York.

Mr. Silverbach stated that the new owners will install additional equipment and make some remodeling changes in the factory. This work has already started, and it is believed that employees will be recalled to regular employment early in June. Jonathan Logan, Inc. is a major producer of junior dresses, and operates some 20 plants.

Mr. Silverbach will be manager here for the plant, and wishes to thank employees for their patience in awaiting completion of the recent negotiations.

Abbitt Hopes Type 21 Bill Passes Monday

Representative Watkins M. Abbitt has notified The Times-Virginian from Washington, that his bill to permit Virginia Dark-Fired Tobacco, Type 21, to be treated separately from Types 22 and 23, grown in Kentucky and Tennessee, may be voted on in the House next Monday.

The full House Agriculture Committee approved the Abbitt bill this week. It had previously passed the Tobacco Subcommittee of the Agriculture, of which Abbitt is chairman.

Next Monday, bills can be passed only by unanimous consent. So one vote could hold up passage. In such an event, Abbitt will go to the House Rules Committee, and seek an early Rule to bring his bill to the floor for action.

The Fourth District Congressman told The Times-Virginian that he hopes there will be no objection on Monday and the bill be sent on to the Senate at once. But, if the bill is delayed Monday, he still hopes for an early Rule and quick passage.

In the hearings, Abbitt was supported by tobacco growers and warehousemen, that there is good demand, especially in the export market, for Type 21 tobacco. His bill would free Type 21 from being linked in acreage allotments and other control, with Types 22 and 23. In recent years, dark tobacco acreages have been reduced repeatedly, and Abbitt has sought to get Type 21 separated, so it could find its true demand.

Glendale 4-H Club

Glendale 4-H Club will meet at the Sherwell Community Center at 7:30 P. M., June 7.

Fall Short On Bloodmobile Visit Here

During the Red Cross Bloodmobile visit on Monday, May 27, 38 pints of blood were donated by citizens of Appomattox County.

This was considerably less than the expected quota and fell short of the 61 pints donated last December. The Bloodmobile Committee expressed disappointment at the lack of donors, but has started plans for the next Bloodmobile visit in December of this year and hopes to make that the best visit ever.

The Committee through this column wishes to thank all the volunteer workers and nurses who gave so generously of their time during the period of operation.

A highlight of the day's donor program was the first "two gallon club" member. Miss Myrtle Smith, teacher at the Appomattox Elementary School, gave her 16th pint of blood on Monday to achieve this honor. There were also two new "gallon club" members: Francis Smith and Charlie Thomas.
